The purpose of this LTC is to inform you of the upcoming Quality of Life Community Outreach Meetings, which will take place May 22-24, 2006.

Each year, the City of Miami Beach sets aside resort tax revenues to spend on tourism-related projects that will improve the community's quality of life. Over the next two years, the North, Mid and South Beach neighborhoods are each allocated an estimated \$1.4 million from these resort tax revenues.

As discussed at the May 25, 2005 Finance and Citywide Projects Committee meeting, the Administration will be facilitating community outreach meetings in North, Mid and South Beach to give stakeholders the opportunity to give input and help prioritize these projects, which include potential park improvements, neighborhood improvements, alley improvements as well as traffic and transportation improvements.

City Departments will be presenting a range of project options at these community meetings, which will be held at 6:30 pm at the following locations:
